

José Denis-Robichaud

DVM MSc PhD DACVPM (she|elle)

josedr@hotmail.ca

Bio

Dr. Denis-Robichaud is a veterinary epidemiologist researcher and a diplomate of the American College of Veterinary Preventive Medicine ([ACVPM](#)). She collaborates with multiple research groups with the ultimate goal to integrate the One Health concepts into diverse contexts, from population animal health to public health. She also mentors graduate and undergraduate students at the University of British Columbia and volunteers for [Veterinarians Without Borders](#).

Education

I. Academic Background

2013 – 2016

Doctor of Philosophy (Ph.D.), Population Medicine
University of Guelph

2011 – 2013

Master of Science (M.Sc.), Veterinary Sciences
Université de Montréal

2006 – 2011

Doctor of veterinary medicine (DVM)
Université de Montréal

II. Professional development

Veterinary Specialty Board Certification

2021

Diplomate of the American College of Veterinary Preventive Medicine ([ACVPM](#))

Continuing Education

2022

Introduction to Bayesian Networks.

Instructor: Owen Woodberry; [Bayesian Intelligence Pty Ltd](#)

2021

Instructional Skills Workshop.

Course leaders: Natalie Westwood and Andrea Johnson; Centre for the Integration of Research, Teaching, and Learning ([CIRTL](#)), University of British Columbia

Online Prep ACVPM Course.

Course leaders: Danelle Bickett-Weddle and Glenda Dvorak; Iowa State University

Core Skills Training (Git, Github, Jekyll, Docker, Markdown/Asciidoc)

University of British Columbia [Library Research Commons](#)

2016

Bayesian Latent Class Modelling in Animal Health.

Instructors: Wes Johnson, Ian Gardner, and Henrik Stryhn; [Epi on the Island](#)

Introduction to Multilevel Modelling.

Instructors: Ian Dohoo, Henrik Stryhn, and Javier Sanchez; [Epi on the Island](#)

III. Language Skills

- French: native language
- English: advanced
- Dutch: novice

Professional experience

I. Research

2020 – now

Postdoctoral research fellowship (part-time)

Project: *Integrating genomic approaches to improve dairy cattle resilience*

University of British Columbia

Supervisor: Dr. Ronaldo Cerri

2021 – 2022

Research advisor (part-time)

Project: *Improving Early Warning of Emerging Threats*

Université de Montréal

Supervisors: Dr. Hélène Carabin and Dr. Christina Zarowski

II. Consulting

2017 – now

Founder and principal consultant

Veterinary preventive medicine and epidemiology consulting

Responsibilities included:

- To develop, analyze, interpret, and publish research projects with major stakeholders in animal science, public health, and One Health.
- To design and create online courses for continuing education of veterinarians and animal scientists.
- To interview researchers, farmers, and other stakeholders for communicating changes and challenges to the industry and the public.

III. Clinical position

2011 – 2013

Veterinary clinician (part-time)

Ruminant Ambulatory Clinic, Université de Montréal

Supervisor: Dr. Luc DesCôteaux

Research activities

I. Current projects

Period	Client	Title, funding and collaborators	Role
2022	École de Santé Publique de l'Université de Montréal	<i>Social media as a Public Health tools</i> MPI: Dr. Simon de Montigny, Dr. Erin Reese, and Dr. Hélène Carabin	Consultant
2022	Université de Montréal	<i>Communication channel in a zoonotic event of swine influenza in Canada</i> MPI: Dr. Hélène Carabin, Dr. Erin Reese, Dr. Christina Zarowski, and Dr. Suzanne Hindmarch	Consultant
2022	Université de Montréal	<i>Mental health of COVID-19 on animal health workers</i> PI: Dr. Cécile Aenishaenslin	Consultant
2020 – 2024	University of British Columbia	<i>Integrating genomic approaches to improve dairy cattle resilience: A comprehensive goal to enhance Canadian dairy industry sustainability</i> MPI: Dr. Christine Baes, Dr. Ronaldo Cerri, Dr. Marc-André Sirard, and Dr. Paul Stothard	Postdoctoral researcher

II. Previous projects

Period	Client	Title, funding and collaborators	Role
2022	Équipe québécoise de contrôle des maladies avicoles	<i>Utilisation de litière recyclée dans les troupeaux de poulets de chair</i> PI : Dr. Martine Boulianne	Consultant

Period	Client	Title, funding and collaborators	Role
2021 – 2022	Université de Montréal	<i>Improving Early Warning of Emerging Threats</i> MPI: Dr. Hélène Carabin, Dr. Erin Reese, Dr. Christina Zarowski, and Dr. Suzanne Hindmarch	Research advisor
2020 – 2022	Université de Montréal	<i>Evaluation of One Health agreements for infectious diseases and antimicrobial resistance within governance settings</i> PA: Dr. Hélène Carabin	Consultant
2020 – 2022	Université de Montréal	<i>Impact of pet ownership on mental health and well-being during the COVID-19 pandemic</i> PI: Dr. Hélène Carabin	Consultant
2020 – 2022	ACER	<i>Focus groups to support the revisions of the <u>Dairy Cattle code of practice</u> (National Farm Animal Care Council)</i> PI: Dr. Steven Roche	Consultant
2019 – 2022	Université de Montréal	<i>Methods used by Canadian dairy farmers and veterinarians and the psychological impact of on-farm euthanasia</i> PI: Dr. Luc DesCôteaux	Consultant
2018 – 2022	Université de Montréal	<i>Impact of insulin combined to propylene glycol as treatment for cows with hyperketonemia and hypoglycemia</i> PI: Dr. Jocelyn Dubuc	Consultant
2019 – 2021	Université de Montréal	<i>Evolution of the proportion of respiratory and enteric pathogens and diseases in dairy heifers</i> PI: Dr. David Francoz	Consultant
2018 – 2021	Université de Montréal	<i>Pegbovigrastim as an adjunct therapy for naturally occurring severe clinical mastitis cases in dairy cows</i> PI: Dr. Jocelyn Dubuc	Consultant
2020	Clinique Vétérinaire de Coaticook	<i>Oral calcium and calcemia in dairy cows</i> PI: Dr. Vincent Caldwell	Consultant

Period	Client	Title, funding and collaborators	Role
2018 – 2020	Center for Public Health and Ecosystem Research	<i>Microbial contamination and associated risk factors in retailed pork from key value chains in Northern Vietnam</i> PI: Dr. Fred Unger	Volunteer
2015 – 2020	University of Guelph	<i>Canadian National Dairy Study: Biosecurity</i> PI: Dr. David Kelton	Consultant
2015 – 2020	University of Guelph	<i>Canadian National Dairy Study: Lameness</i> PI: Dr. David Kelton	Consultant
2019	Intervet Canada	<i>Vaccination schedules for dairy calves in a commercial setting</i> PI: Dr. Guy Boisclair	Consultant
2016 – 2019	Advanced Animal Diagnostics	<i>Milk leukocyte differential test for decision-making in a selective dry cow therapy program</i> PI: Dr. Mitchell Hockett	Consultant
2011 – 2019	Université de Montréal	<i>Intrauterine Escherichia coli virulence genes and subsequent reproductive tract disease in postpartum dairy cows</i> PI: Dr. Jocelyn Dubuc	Student and consultant

Theses

1. Denis-Robichaud, J. 2016. *Assessment of automated activity monitors for managing reproduction in dairy cows*. Ph.D. Thesis. University of Guelph, Guelph, Canada. <http://hdl.handle.net/10214/10123>.
2. Denis-Robichaud, J. 2013. *Effet d'un traitement intra-utérin de céphapirine sur les performances en reproduction des vaches laitières*. Université de Montréal, Saint-Hyacinthe, Canada. <http://hdl.handle.net/1866/10776>.

Teaching activities

I. Academic – graduate students

2020 – 2021

Co-instructor (AANB 504 – Research Methodology in Applied Animal Biology)

University of British Columbia

Role: to teach applied biostatistics and epidemiological concepts

Reviews:

Ultimately I thought it was a good approach! In particular, working with José was INCREDIBLE, she is such a wealth of knowledge.

Dr. Denis-Robichaud encouraged consideration of differing methodological concepts (epidemiology vs applied sciences) during discussion.

II. Academic – undergraduate students

2021

Invited speaker (PAA 4409 – Développement international vétérinaire)

Université de Montréal

Role : to present on veterinary international development experience

2012 – 2013

Teaching assistant

Université de Montréal

Role: to facilitate multiple veterinary classes and workshops, including office hours and grading

2012

Instructor

Université de Montréal

Role: to lead a group of veterinary students for a farm evaluation

III. Continuous education and other training

2020 – now

Workshop leader (volunteer)

Veterinarians Without Borders – Canada

Role: to lead discussions on One Health following an [online introduction](#)

2017 – 2019

Online course developer

Centre d'expertise en développement continu des compétences vétérinaires

Role: to design and create continuous education courses for dairy cow veterinarians

[Management of reproductive health of dairy cows](#)

[Early non-pregnancy diagnosis – Doppler ultrasound](#)

[Diagnostiquer la balance énergétique négative en péripartum](#) (en français)

Communication activities

2020 – 2022

Focus group leader

Role: to lead focus groups as support for the 2022 revised [Dairy Code of Practice](#)

2020 – 2022

Interviewer

Role: to interview stakeholders of the dairy industry to share producers' challenges and opportunities via a podcast (not broadcasted yet)

2020

Creator and interviewer (volunteer)

Role: to create an [online introduction to One Health](#) for future volunteers

Awards and scholarships

I. International and national

2015 – 2016

Alexander Graham Bell Canada Graduate Scholarships – Doctorate, Natural Sciences and Engineering Research Council of Canada

2012 – 2013

Alexander Graham Bell Canada Graduate Scholarships – Master, Natural Sciences and Engineering Research Council of Canada

2011

2nd place Student Presentation Award, American Association of Bovine Practitioner

2011

AABP Education Grant, American Association of Bovine Practitioner

II. Provincial

2014 – 2015

Ontario Graduate Scholarship, Ontario Student Assistance Program

2012 – 2013

Master's excellence scholarship from the Canadian Dairy Commission, Novalait

III. Institutional

2013 – 2016

Canadian Dairy Commission PhD Scholarship, University of Guelph

2013 – 2016

OVC Fellowship, Ontario Veterinary College

2012

Master's admission scholarship, Faculty of Graduate and Postdoctoral Studies, Université de Montréal

Community involvement
